SKATE HARD ON THE BLVD.

BLVD Skateboards, a brand developed by Danny Montoya and Rob Gonzalez.

Skateboarding lives, breaths and grows on the boulevards of cities, towns and neighborhoods all over the world. The design of BLVD Skateboards is influenced by the true essence of street skating, it's lifestyle and where it comes from. Check out the Spring 2011 line-up of quality decks, wheels and select apparel items available now >

A skateboarder in a black t-shirt, camouflage shorts, and a green cap is captured mid-air, performing a trick on a concrete ledge. The background shows a city street with a building and a clear blue sky. The image is split vertically into a blue left half and a white right half.

GUARANTEED QUALITY

BLVD Skateboard decks are built with the highest standard of quality and construction. 7 plies of hardrock maple, stiff core glue and a smooth contour concave make a strong, durable deck with long lasting pop. All BLVD decks are guaranteed against any manufacturer defects including delamination.
